Teka, um projeto uma marca!

Num contexto de aplicação dos regulamentos nacionais e standards internacionais, no que se refere às infraestruturas de telecomunicações em edifícios, que asseguram um desempenho eficiente, constante e de longo prazo em redes de pares de cobre, fibra ótica e coaxial, a Teka é o seu parceiro de eleição.

Apresenta uma gama global para a execução e implantação de projetos de telecomunicações, disponibilizando produtos e soluções de elevada qualidade no domínio da receção e distribuição de sinais de rádio frequência (TV, Rádio e Dados) e de redes de cablagem estruturada.

Os nossos clientes beneficiam de produtos, soluções e serviços de elevada qualidade, de uma única fonte e interlocutor tecnicamente competente.

25 anos de garantia

As redes estruturadas são para as empresas um investimento estratégico e de longo prazo.

É assim de crucial importância assegurar que a infraestrutura é um meio seguro e de longa duração para as TI (Tecnologia de Informação) das companhias.

A garantia de 25 anos, que conferimos neste domínio (ver condições: www.tekaelectronics.com), reflete um novo padrão de qualidade, sublinha a elevada fiabilidade dos nossos produtos e garante que durante esse período, a rede (Permanent Link) cumpre com os standards definidos no momento da instalação.

Normas de performance: TIA/EIA 568; ISO/IEC 11801; EN 50173.

Teka, a project, a brand!

In a context of national regulations and international standards application, as regards to telecommunications infrastructure in buildings, which provide an efficient performance, steady and long term in copper pair, optical fiber and coaxial networks, Teka is your partner of choice.

Teka offers a global range for the execution and implementation of telecommunications projects, providing high quality products and solutions in fields like reception and distribution of radio frequency signals (TV, Radio and Data) and structured cabling networks. Our customers benefit from products, solutions and high quality services from a single source and technically competent party.

Teka, un proyecto, una marca!

En un contexto de aplicación de los reglamentos nacionales y de las normas internacionales, en lo que se refiere a las infraestructuras de telecomunicaciones en edificios, que proporcionan un desempeño eficiente, constante y de largo plazo en redes de pares de cobre, fibra óptica y coaxial, Teka es su socio de elección.

Teka dispone de una amplia gama para la ejecución e implantación de proyectos de telecomunicaciones, proporcionando productos y soluciones de alta calidad en el campo de la recepción y distribución de señales de radiofrecuencia (TV, radio y datos) e de redes de cableado estructurado. Nuestros clientes benefician de productos, soluciones y servicios de alta calidad, de una sola fuente y de un interlocutor técnicamente competente.

Teka, un projet une marque!

Dans un contexte d'application des réglementations nationales et des normes internationales, en ce qui concerne les infrastructures de télécommunications pour les bâtiments, qui fournissent une performance efficace, régulière et à long terme sur réseaux de paire de cuivre, fibre optique et coaxial, Teka est votre partenaire d'élection.

Teka offre une gamme complète pour exécuter et mettre en œuvre des projets de télécommunications, fournissant des produits et des solutions de haute qualité dans le domaine de la réception et distribution des signaux de fréquence radio (TV, radio et données) et des réseaux de câblage structuré. Nos clients bénéficient de produits, solutions et services de haute qualité à partir d'une source unique et interlocuteur techniquement compétent.

25-year warranty

The structured networks are a strategic and long-term investment for companies.

It is thus of crucial importance to ensure that the infrastructure is a safe long-lasting means for the IT (Information Technology) of companies.

The 25-year warranty, which we grant in this area (see terms: www.tekaelectronics.com), reflects a new standard of quality, underlines the high reliability of our products and ensures that during this period, the network (Permanent Link) complies with the standards set out at the installation time.

Performance standards: TIA/EIA 568; ISO/IEC 11801; EN 50173.

25 años de garantía

Las redes estructuradas son para las empresas una apuesta estratégica y de largo plazo.

Por lo tanto, es de crucial importancia asegurar que la infraestructura es un medio seguro y de larga duración para las TI (Tecnología de Información) de las empresas.

La garantía de 25 años, que concedemos en esta área (ver condiciones: www.tekaelectronics.com), refleja un nuevo estándar de calidad, destaca la alta fiabilidad de nuestros productos y asegura que durante este período, la red (Permanent Link) cumple con las normas establecidas en el momento de la instalación.

Normas de desempeño: TIA/EIA 568; ISO/IEC 11801; EN 50173.

25 ans de garantie

Les réseaux structurés sont, pour les entreprises, un investissement stratégique et à long terme.

Il est donc d'une importance cruciale assurer que l'infrastructure est un moyen sûr et durable pour les IT (Information technology) des entreprises.

La garantie de 25 ans, que nous vérifions dans ce domaine (voir conditions: www.tekaelectronics.com), reflète une nouvelle norme de qualité, souligne la haute fiabilité de nos produits et veille à ce que durant cette période, le réseau (Permanent Link) exécute les normes établies au moment de l'installation.

Normes de performance : TIA / EIA 568 ; ISO / IEC 11801 ; EN 50173

Teka Portugal SA, reserva-se ao direito de realizar todas as alterações que considerar necessárias para a melhoria contínua dos seus produtos.

Assim, todas as características, dados, pormenores, medidas, cores, descrições e ilustrações expostos na presente ficha técnica têm carácter meramente indicativo. Os mesmos podem ser alterados ou anulados, em qualquer momento e sem obrigação de aviso prévio, de acordo com as exigências técnicas e comerciais da empresa produtora, invalidando a possibilidade de reivindicação por parte do comprador, comerciante ou particular.

A Teka Portugal SA, declina toda a sua responsabilidade mediante o anteriormente exposto e a eventuais inexactidões devidas a erros de transcrição ou impressão. Aconselhamos que para uma correta instalação e utilização do equipamento adquirido consulte previamente todas as instruções técnicas do mesmo e as siga em conformidade.

Teka Portugal SA, reserves the right to make all the changes it considers necessary for the continuous improvement of its products. Therefore, all the specifications, data, details, dimensions, colours, descriptions and illustrations displayed in this data sheet are simply indicative. This data can be changed or canceled at any time and without prior notice, according to technical and commercial requirements of the production company, invalidating the possibility of claims by the buyer, retailer or individual. Teka Portugal SA, declines any responsibility by the stated above and any existing inaccuracies due to transcription errors or printing.

For a correct installation and use of the purchased equipment, we advise you to previously consult all of the technical instructions and then follow them accordingly.

Teka Portugal SA, se reserva el derecho a realizar las modificaciones que considere necesarias para la mejora continua de sus productos. Así, todas las características, datos, dimensiones, colores, descripciones e ilustraciones expuestas en la presente ficha técnica tienen carácter simplemente indicativo. Los mismos pueden ser cambiados o cancelados en cualquier momento y sin previo aviso, de acuerdo con los requisitos técnicos y comerciales de la compañía de producción, invalidando la posibilidad de reivindicaciones por parte del comprador, vendedor o particular. Teka Portugal SA, rechaza su responsabilidad por lo anteriormente expuesto y las eventuales inexactitudes debidas a errores de transcripción o impresión. Le recomendamos que para una correcta instalación y uso del equipo adquirido, consulte en primer lugar todas las instrucciones técnicas y las siga en conformidad.

Teka Portugal S.A. se réserve le droit de réaliser sur l'appareil les modifications jugées nécessaires ou utiles pour une amélioration continue de ses produits. Sur ce, toutes les caractéristiques, les données, les détails, les dimensions, les couleurs, les descriptions et les illustrations présentées dans ce feuillet d'information sont à titre purement indicatif et peuvent être modifiées ou annulées à tout moment et sans préavis, en fonction des exigences techniques et commerciales de la société de production, invalidant la possibilité de réclamations par l'acheteur, le vendeur ou particulier. Teka Portugal décline toute responsabilité face à l'exposition précédente ainsi que pour d'éventuelles inexactitudes dues à des erreurs de transcription ou d'impression. Pour une correcte installation et utilisation de l'équipement acquis, nous vous conseillons de consulter tous les instructions techniques et de les suivre rigoureusement.
